

Pupils will actively seek through their learning, to discover their full potential and to appreciate an active and inquisitive life.

Dear parents,

We have had a very busy Month. The children have enjoyed the creative sandwich and Art competitions. The children also celebrated International week and dressed in their traditional clothes. This month, we have many other fun activities and surprises for the children.

Below is a list of the topics to be taught this month:

Communication, Language and Literacy:

We will revise our phonics learning and learn the letters (l,f,b). We will continue to blend and segment sounds in simple words orally. We will collect objects that begin with the same sounds. We will talk about what we see and use questions to develop learning. We revise previous sounds taught.

Personal, social and emotional Development:

Children will continue to discuss and follow the rules and boundaries of the setting. They will work on becoming more confident and expressing themselves. Children will be encouraged to be responsible and carry out simple tasks independently. Children will be encouraged to demonstrate friendly behaviour and work as a Team. Children will be encouraged to work together during play and respond and keep play going.

Physical Development:

The children will be working on their gross and fine motor skill through a range of different activities.

Literacy:

This month, the children will be reading stories about the different seasons. They will discuss characters, engage in role play and suggest new endings to the stories. They will be retelling a sequence of events and completing various Literacy activities related to the stories.

Maths:

We will revise the numbers 1-10. We will learn to add one more. We will also be revising weight and other topics taught.

Understanding the world:

This month, we will be covering the seasons. We will make different crafts and look at the different weather in each season. The children will learn the new vocabulary words.

Expressive art and design:

Children will use equipment and materials to achieve a planned effect, making models and collages related to the topics taught. They will also, use movement to express their feelings.

Top Tips

- Please ensure that your child has a good night's sleep.
- Recommended 10 to 12 hours sleep for children 3-4 years old.
- Read with or read to your child 10-15 minutes every day.

Expectations:

- Children to always try their best
- Children to sit beautifully during input
- Listen when somebody is talking
- Children to be kind to others.

Do not hesitate to contact us if you have any queries or concerns

Best Regards,
Ms Hannah

School Mission

Spectra Global School aims to create an inclusive environment of responsibility, respect and tolerance with students and parents to deliver an in-depth consistent learning program within the framework of the EYFS and Primary Cambridge Curriculum.
