

Pupils will actively seek through their learning, to discover their full potential and to appreciate an active and inquisitive life.

Dear parents,

We hope you had a lovely relaxing holiday and that the children are ready for Term 3. The children have made so much progress and we will be building on the skills they have learnt. Below is a list of the topics to be taught this month:

Communication, Language and Literacy:

We will revise our phonics learning and learn the letters (v,w,x). We will continue to blend and segment sounds in simple words orally. We will collect objects that begin with the same sounds. We will talk about what we see and use questions to develop learning

Personal, social and emotional Development:

Children will continue to discuss and follow the rules and boundaries of the setting. They will work on becoming more confident and expressing themselves. Children will be encouraged to be responsible and carry out simple tasks independently. Children will be encouraged to select and use resources independently.

Physical Development:

The children will continue to practice using one-handed tools. They will practice holding the pencil correctly between their thumb and two fingers. They will practice running skilfully, negotiating spaces.

Literacy:

This month, the children will be reading stories about magic and flying, space and the gingerbreadman. They will discuss characters, engage in role play and suggest new endings to the stories. They will be retelling a sequence of events and completing various Literacy activities related to the stories.

Maths:

We will revise all the numbers 1-10 (recognition and formation). We will learn to take away one. We will also revise positional language and learn about outside and inside.

Understanding the world:

This month, we will be covering the topics community helpers (doctors, nurses and chefs) and the Environment (recycling). We will experiment and make different crafts related to the topics. The children will learn the new vocabulary words.

Expressive art and design:

Children will use equipment and materials to achieve a planned effect, making models and collages related to the topics taught. They will also, use movement to express their feelings.

Top Tips

- Please ensure that your child has a good night's sleep.
- Recommended 10 to 12 hours sleep for children 3-4 years old.
- Read with or read to your child 10-15 minutes every day.

Expectations:

- Children to always try their best
- Children to sit beautifully during input
- Listen when somebody is talking
- Children to be kind to others.

Do not hesitate to contact us if you have any queries or concerns

Best Regards,
Ms Hannah

School Mission

Spectra Global School aims to create an inclusive environment of responsibility, respect and tolerance with students and parents to deliver an in-depth consistent learning program within the framework of the EYFS and Primary Cambridge Curriculum.
