

Pupils will actively seek through their learning, to discover their full potential and to appreciate an active and inquisitive life.

Dear parents,

We've had a great month and the children have enjoyed lots of different activities. We have been busy learning shapes and subtraction, learning new sounds, learning about transportation and Ramadan.

We look forward to an exciting month ahead and have compiled for you a curriculum guide of the topics that will be taught.

Phonics:

Targets for the next four weeks:

Our target in the first week will be introducing the new sound (ar) to the children. We will learn both the sounds and the formation using Jolly Phonics and the children will blend the sounds to read simple cvc words and simple sentences. They will be learning the tricky words (no,so) and writing simple sentences using these words. The rest of the month, we are going to revise these sounds(ai, oa, oo, ee, or, ng, th, qu, ou, oi, ue &er) and revise the tricky words that have been taught.

How you can help:

You can support your child at home by helping them learn the jolly phonics song and encouraging them to read words and signs around them.

Link to the jolly phonics in order song on YouTube:

<https://youtu.be/s-1sxzjPX8>

Maths:

Targets for the next four weeks:

In first week, we are going to introduce patterns.

Students will be practicing more on subtractions sums and work with different learning materials such as counters, flash cards and written data in order to recognize numbers and count numbers. Children will be practicing on addition.

Literacy and UTW:

This month, our topics will be about:

- Summer/Seasons
- Transportation

Revision on the previous topics.

And for literacy:

- Seren's Seasons
- My truck is stuck
- Goldilocks and the three bears

Students will sequence simple stories linked to the themes, tell the story using simple sentences and engage in imaginative play by using the role play area. We will also be getting creative and crafting things that are linked to our topics.

Top Tips

- Please ensure that your child has a good night's sleep. ☺
- Recommended 10 to 12 hours sleep for children 3-4 years old.
- Read with or read to your child 10-15 minutes every day.

Finally, a reminder that we have online classes from 9am every day.

Many thanks,
Foundation stage 2

School Mission

Spectra Global School aims to create an inclusive environment of responsibility, respect and tolerance with students and parents to deliver an in-depth consistent learning program within the framework of the EYFS and Primary Cambridge Curriculum.
